Fire Prevention Week - October 5-11, 2003

NFPA has announced the week of October 5-11 as Fire Prevention Week (FPW) 2003. The State Fire Marshal's Office is joining forces with fire departments, schools, and safety groups across North America to reinforce a simple, but lifesaving message during Fire Prevention Week: "When Fire Stirkes: Get Out! Stay Out!"

At least 80% of all fire deaths typically take place in the home, so this year the focus is on home fire safety. The fire service, in planning FPW activities, should relay three important messages to their community: Homes should have working smoke alarms on every level; plan and practice a home fire drill; and, if fire strikes, get out and stay out, until the fire department says it is safe to go back inside. For more information about Fire Prevention Week and activities your

For more information about Fire Prevention Week and activities your department can perform, log on to the official web site www.firepreventionweek.org.

FMD Fire Investigators Announce Retirement

D/Lt. Larry Lewis and Spl/Sgt. James Curran have announced their retirement from the Michigan State Police effective August 30, 2003, after 25 years of service.

D/Lt. Larry Lewis enlisted with the State Police in 1978, graduating from the 95th Recruit School. He was first assigned as a Trooper to the Ionia Post, then as a Spl/Trooper at the Bridgeport Lab, transferring to the Fire Marshal Division in 1988.

He was promoted to Detective Lieutenant in 1995, commanding the Health Care/Corrections Unit; transferred in 1997 to the Criminal Investigation Division, returning to the Fire Marshal Division, Field Operations, in 1998 as the Region 4 Supervisor in Grand Rapids, where he served until his retirement.

As Region 4 Supervisor, Larry was responsible for the adminis-

tration and supervision of five investigators. He has been a member of various fire service organizations involved in fire safety, education and arson awareness.

Larry received a Masters in Public Education from Western Michigan University and a Juris Doctor from Cooley Law School in 1999. He plans to practice law upon his retirement.

Larry currently lives in Portland with his wife, Glenda, and son, Andrew.

The Fire Marshal Division wishes Larry and Glenda all the best in their future endeavors.

Spl/Sgt. Jim Curran enlisted with the Michigan State Police in 1978, graduating from the 95th Recruit School. He was first assigned to the Erie Post, and served at the Detroit Freeway, White Pigeon, and Niles Posts

Zippotricks.com - The Finale

(Editor's note) Last June, we issued a fire safety alert regarding a web site called zippotricks.com. Last month, we updated you on our quest to have this web site shut down, with responses from Zippo and the National Fire Protection Association. We are happy to announce that our concerns were finally recognized and our goal attained. The following is a press release from Zippo Manufacturing regarding zippotricks.com. Thank you to everyone who contacted Zippo with their concerns regarding the safety of this web site and especially Lt. Ron Mills, Flint Township Fire Department, who first brought this web site to our attention.

Effective Monday, August 25, 2003, Zippo Manufacturing Company closed the zippotricks.com web site. We took this proactive action as a result of on-going internal discussions and the expressed concerns of some in the fire safety industry.

Zippo Manufacturing Company acquired the zippotricks.com web site several months ago after discovering its existence during a worldwide trademark infringement search. This site had existed for over five years before that, completely independent from Zippo. By taking over the site from the creator, we were able to exercise greater control over it and eliminating content we found most objectionable.

Despite our best efforts some still find the site controversial. Based on this controversy, continued internal concerns, and the inability to adequately restrict site access by individuals under the age of 16, the company has decided that Zippo should no longer be associated with this or any site that promotes tricking.

By taking this action in closing down the site, Zippo Manufacturing Company disassociates itself from any and all web sites that promote lighter tricks. If any present or future site infringes on our trademark or other legally protectable rights, we will pursue legal action.

The Zippo Hot Tour will continue as a musical tour with tour details to be announced by Zippo's marketing group in the near future. All planned tricks demonstrations have been cancelled.

FEMA Kicks Off Public Safety Campaign to Reduce Fire Deaths of Babies and Toddlers

The Department of Homeland Security's Federal Emergency Management Agency (FEMA) announced on August 13 a campaign to raise awareness about the increased risk of fire death for young children and to teach parents and caregivers how they can avoid the tragedy. The campaign's message emphasizes installing smoke alarms, securing lighters and matches, and developing a fire evacuation plan under the theme: "Prepare. Practice. Prevent the Unthinkable."

"A baby or toddler under age five dies nearly every day in a residential fire," said Homeland Security Under Secretary Michael D. Brown. "These young children have a disproportionately higher risk of fire death than the rest of the population. They depend on their parents and caregivers to keep them safe, to prevent residential fires from starting, and to increase the chances that the entire family can escape a fire quickly and safely."

From 1989 through 1998, U.S. children younger than age five were twice as likely as the rest of the population to die in a residential fire; in that decade 5,830 children died in fires in this country, according to the U.S. Fire Administration, part of FEMA and the initiator of the campaign.

"No child -not a single oneshould suffer such an awful death, a death that can be prevented by parents who take the necessary precautions,"said Fire Administrator R. David Paulison. "Every parent and every caregiver with young children depending on them must take a few simple but important steps to prevent this tragedy. Even toddlers can be taught how to quickly respond in case of fire and adults need to know how they will escape with infants."

The Fire Safety Campaign for Babies and Toddlers includes four national partner organizations that have pledged to spread the message to parents and caregivers, including the American Academy of Pediatrics, ZEROTOTHREE.

"No child -not a single one- should suffer such an awful death, a death that can be prevented by parents who take the necessary precautions."

Public Education

National SAFE KIDS Campaign and the National Fire Protection Association.

The campaign materials include a print public service announcement, an educational video on fire safety for babies and toddlers, posters, brochures and fact sheets. The media, parents and caregivers can access the information, in both English and Spanish, at www.usfaparents.gov or can order materials through the U.S. Fire Administration's Publications Online Catalog,

at <u>www.usfa.fema.gov/</u> applications/publications/.

The U.S. Fire Administration has a mission to reduce life and economic losses due to fire and related emergencies through leadership, advocacy, coordination and support. It is the federal leader in public fire education and awareness, fire service training, fire-related technology and data collection.

On March 1, 2003, FEMA

On March 1, 2003, FEMA became part of the U.S.
Department of Homeland

Security. FEMA's continuing mission within the new department is to lead the effort to prepare the nation for all hazards and effectively manage federal response and recovery efforts following any national incident. FEMA also initiates proactive mitigation activities, trains first responders, and manages Citizen Corps, the National Flood Insurance Program, and the U.S. Fire Administration.

Even toddlers can be taught how to quickly respond in case of fire and adults need to know how they will escape with infants.

NFIRS/Non-Reporting Departments

The Fire Marshal Division of the Michigan State Police appreciates the cooperation and support of the 1,033 fire and public safety departments that provided incident data through NFIRS for the year 2002. It is this effort that makes it possible to look at the total fire experience, to identify our fire problems, and to develop

strategies to address these issues.

The Michigan Fire Prevention Code, Act 207, P.A. 1941 mandates that all organized fire departments in the state report their fire and haz mat incidents to the state fire marshal.

Michigan's statewide fire statistics are located on our

website at www.michigan.gov/msp, click on Services to Governmental Agencies, State Fire Marshal.

Listed below are 47 fire departments that **DID NOT** participate in NFIRS. Non-participation in NFIRS will effect training and federal grant

requests.

County	<u>Fire Department</u>	Year Last Participated
Arenac	Sterling Area FD	1998
	Omer-Arenac Township FD	1998
	Moffatt Township VFD	1999

,

NFIRS Training Issues

All fire departments filing incident reports with the USFA "Data Entry Tool" should be using NFIRS 5.0 version 5.2.3. All other versions of the UFSA "Data Entry Tool" should be removed from your computer. Log on to www.nfirs.fema.gov for download instructions for version 5.2.3 or call Mary Nemeth and request the new version on a CD. Resources - Basic Module, Field G1, Definition: The total number of fire department personnel and apparatus (suppression, EMS, other) that responded to the incident. This includes all fire and EMS personnel assigned to the incident whether they arrived at the scene or were cancelled before arrival. THIS FIELD **SHOULD NOT BE USED TO IDENTIFY THE NUMBER ASSIGNED TO A PARTICULAR** APPARATUS SUCHAS "521" OR"89."

Location of Incident - Basic Module, Field B. When either "Directions" or "Intersection" is selected for the location of an incident, one street name should be entered on the "Street or Highway" line, and the directions or cross street should be entered on the "Cross Street or Directions" line. If this procedure is not followed, the incident will be invalid.

The Estimated Dollar Losses & Values field (G2) should be filled out for all fires. Optional for nonfires. This figure is a rough estimation of the total loss to the structure and contents, in terms of the cost of replacement in like kind and quantity. It should include contents damaged by fire, smoke, water, and overhaul. The dollar loss estimation helps

illustrate the magnitude of the fire problem in Michigan and identifies types of situations where high monetary losses are common. This information helps target fire prevention programs. Cancelled enroute - If your fire department is dispatched and cancelled enroute, the Incident Type should be 611, the Arrival Time should be the same as Cleared Time, and the Incident Action Taken should be 93 (cancelled enroute). Incident Type - Be very specific in

what is entered as the Incident Type. Very seldom will you use the 100, 200, 300, and 400 "Other" as an incident type. They should only be used if no other Incident Type describes the situation. A list of Incident Types is listed in the Quick Reference Guide. You will have opportunity to describe multiple actions taken later in the report.

Aid Given - If aid is given (codes 3, 4, or 5), then only the information on the Basic module through block G1 (Resources) must be completed by the department giving aid unless a fire service casualty also occurs, then the department giving aid must also complete the Fire Service casualty module. The remainder of the Basic module and any other modules associated with the incident may be optionally completed but are not required. The information not captured by the department giving aid is captured by the department that received aid for that incident. Small Grass Fires - Abbreviated reporting for small grass fires was a feature of the NFIRS 5.0 system that did not make it into the final release version. The Incident

Type for "small grass fire" was dropped during the process of bringing NFIRS 5.0 codes more in line with the existing NFPA 901 coding scheme. Therefore, a Fire Module always needs to be completed for a grass fire. The Bulk Import Utility allows fire departments using third party vendor software to send their NFIRS data directly to Michigan's partition on the federal server. When using this tool, it is very important that all invalid incidents are corrected and revalidated. Instructions are located on the FMD website under "Statistics" or request a copy from Mary at nemethm@michigan.gov. If your department does not have Internet access at the present time, files can be mailed on a monthly basis to the state by using e-mail attachments or by mailing a disk.

For 2002 Statewide Fire Statistics and the **Michigan Fire Service Directory** log on to www.michigan.gov/msp, click on Services to Governmental Agencies, then go to State Fire Marshal.

MFFTC MEETING SUMMARY

By Gregory Kirt, Executive Director

Members Present: The August 13, 2003, meeting of the Michigan Fire Fighters Training Council (MFFTC) was held in Lansing at the General Office Building in Cafeteria Conference room "B." Council members present: Chairman Michael J. Burke, Vice Chair Kenneth W. Eagle, William D. Anderson, David J. Purchase, D/F/Lt. Thomas Sands, and Thad N. Taylor. Excused: Terrence H. Chesney.

Staff Present: Gregory Kirt, Executive Director; Mary Egner, Recording Secretary; and James Porcello, Programs Administrator. Guests Present: Wayne Hanna, Ed Holtcamp, Kelly Johnston, Larry Morabito, Gary Pullen, George Scrimger, and William Sedlacek.

Governor Signs 2004 Budget:

The Governor has signed the budget bill for fiscal year 2004. Unfortunately, county training allocations were reduced from a minimum of \$5,000 per county to a minimum of \$3,000 per county for fiscal year 2004. This is a result of the down economy, which has affected all areas of local, state, and federal government.

FFI & II 2003 Test Results Improve Significantly: For the 2002 training year, Council upgraded the FFI & II curriculum to the Essentials of Fire Fighting 4th Edition and began the use of a commercial test bank. As a result, test scores dropped and the student pass rate also dropped. In response to this problem, Council implemented new preparation requirements for instructors and restructured student homework assignments. Preliminary results in 2003 indicate that test scores and the pass rate have both improved significantly. The average test score in 2002 was 76%, and in

2003 it is 82%. The student pass rate in 2002 was 82%, and in 2003 it is 93%. Council extends their thanks to the instructors for their hard work and congratulations to the students for their improved success!

FF I & II Electronic Course Management System (ECMS):

Almost since the beginning of MFFTC training in the 1960's, course managers have complained about the paperwork that is required. With the input of numerous course managers and instructors, MFFTC staff member George Lutz has designed a new and easy to use software program that incorporates completion of the Student Activity Record and all other necessary forms. Furthermore, information is only entered once, e.g., student names, instructors, etc. The ECMS software enables the course manager to manage FFI, FFII, and FFI & II courses from concept to finish, including status reports and on screen snapshots of the course while in progress. Long range plans are to include all MFFTC courses in the new software program. Workshops are scheduled for late August in Troy, Grand Rapids, Gaylord, and Marquette. Everyone attending the seminars will receive a free CD of the new software.

Americans with Disabilities Act:
A letter of clarification was issued at the request of Dave Purchase regarding separating the final testing from the actual FFI or II class, in order to allow (a student) a 28 day window (from the test date instead of the course start date) for requesting a reader for the test only. The ADA and related court decisions disallow separating the test from a course to accommodate such requests.

MFFTC Policies Revised: At the

June 11 Council meeting, minor revisions were suggested for all Council policies which were approved by Council as first reading. During the subsequent six week comment period, additional minor clarifications were recommended for Policies 1-3, 2-1, 2-3, 2-4, and 2-8, which were reviewed and discussed during today's meeting. Council then approved the second reading of all policy revisions and gave them an effective date of August 13, 2003.

MFRI Fire Officer I & II

Courses Revised: Council approved revisions to the Maryland Fire and Rescue Institute's Fire Officer I & II courses, effective September 16, 2003. The input received from students, instructors, and fire service organizations, along with the analysis by staff was the basis for the revisions. The revisions were not as substantive as originally discussed due to copyright restrictions. Although it is not possible to satisfy all concerns, it is believed the revisions made address the bulk of the concerns that were brought forth to Council. Notice of the revisions will be sent to the MFRI FO I & II instructors during August.

Evaluation of Tactical Training

Needs: Based on input received, Council recognizes the need to provide tactical training that is not included in the MFRI FO I & II courses. Council requested that staff do an evaluation of tactical training proposals brought forth to Council and prepare recommendations for Council to consider.

Instructor Applications: Council approved 34 Probationary Instructors, 13 upgrades to Certified Instructor, and one

MI Fire Fighters Training Council

Drivers Training Instructor.

Meeting Attendance & Activities:
The Director participated in the following: June 18-22, MI Fire
Service EXPO, Grand Rapids;
July 17, EXPO Executive
Committee, Lansing; July 24-25,
U.P. Fire Chiefs Association and
Tournaments, Crystal Falls; July
31, Fire Fighter Training Funding
Task Force, Lansing; July 31,
Eastern U.P. Fireman's Association. Trout Lake.

Michelle Fowler Accepts New Position: Michelle Fowler, a ten year employee with the MFFTC, accepted a position with the Department of Information Technology in July. Michelle was the Testing and Certification Technician and will be missed by everyone at MFFTC. We wish her the very best in her new position. Approval has been received to backfill the position. Public Comment: Larry

Morabito, Wayne County

Community College District,

enthusiastically endorsed the

Electronic Course Management System. He had attended the Michigan Fire Service EXPO in June and had seen George Lutz' presentation of ECMS. While at the EXPO, he accepted the invitation extended to the workshop attendees to become one of the beta testers. He has been using the beta program since he received it and was so impressed with its capabilities that he went back to the Fire Fighter I and II course he had in progress and transferred all his course information into the newly-developed software program. Even though the software is still in the beta stage, he has found it to be a superior program. He expressed his thanks and appreciation for the time George spent developing this software and to the MFFTC for their continuing support of instructors and course managers. Ed Holtcamp, Northern Michigan Fire Chiefs Association, updated Council members on the progress

of the training funding bill. He reported there still is a lot of work to be done and stressed the importance of being prepared to address legislative committees and hearings.

George Scrimger, Lapeer
County Firemen's Association,
complimented the Training
Council for what they have done
for the MFRI Fire Officer program.
Being an instructor, he appreciated what he heard today
regarding clarifying the ICS
homework assignments and
providing State law references for
instructors and students.

Council Comment: Vice Chair Eagle asked Director Kirt to pass on to staff his compliments for their hard work and for what they are able to accomplish in the time available.

Chairman Burke agreed with Vice Chair Eagle and also thanked staff for their hard work. Meeting adjourned. Larry Morabito, Wayne County Community College District, enthusiastically endorsed the Electronic Course Management System.

Vehicle ExtricationBy Deward Beeler, Region 3
Supervisor

Q: I have been trained by the manufacturer's representative on how to use the fire department's vehicle extrication tools. A firefighter from an area department told me that I should attend the MFFTC Vehicle Extrication course. What is covered in the Council's class?

A: Each manufacturer provides

information on their tools. You may or may not have received the information that the MFFTC course offers. The following is an overview of the course. Please review this information to determine if the course will be of benefit to you. This course does offer Emergency Medical Continuing Education Credits (please see the web site for a breakdown) and a certificate from the MFFTC. Vehicle Extrication is a 14-hour course. Day one is in the classroom. The following topics are covered: Command; Documentation; Debriefing-Safety & Safe Tool Operation; Initial Patient Assessment; Vehicle Geography & Anatomy; Terminology; Eight Step Extrication Process. Day two is hands-on. The instructor

provides demonstrations and the students are given scenarios that are critiqued. The areas covered include the following: Roof evolutions including removal & flapping (back, front, and side); Door removal evolutions including latch side and hinge side; Third door conversion; Side removal evolutions including complete fold down and front hinged; Dash evolutions including roll and lift; Interior Concepts. If you would like additional information on the topics listed above, please contact your Region Supervisor or one of the Vehicle Extrication Instructors whose contact information is listed on our web site at http://www.mfftc.org/ pdf_files/course_instructors/ inst_k01b.pdf

If you have questions pertaining to the programs and services provided by the Michigan Fire Fighters Training Council that you would like addressed in this column, please contact your MFFTC Region Supervisor listed on the back page of Fire TIES. If you have a question, no doubt there are many others who probably have the same question. We look forward to hearing from vou! Note: Previous Issues &

Answers columns are posted

at www.mfftc.org.

MI Fire Fighters Training Council

Special Attention: FF-I and/or II and Fire Officer I or II are retained on this list based on "End Date" to allow scheduling of retests and FF-I and/or II challenge tests. All other courses appear on this list based on "Start Date"

Michigan Hazardous Materials Training Center Training Advisory

Applications are now being accepted for the following courses for **November 2003**. Please contact the Michigan State Police, Hazardous Materials Training Center, for further information at 517.322.1190.

Course Name	Dates	Cost
CBRNE/WMD Awareness for	Nov 4	\$125
Business and Industry		
Hazmat Branch and Branch Safety Officer	Nov 5-7	\$295
Chemistry Refresher	Nov 12	\$175
Emergency Response to Hazardous Materials		
Incidents EPA 165.15	Nov 17-21	\$495

NOTE: A current list of MFFTC Registered Training is also available at www.mfftc.org and is updated weekly.

MFFTC INSTRUCTOR ALERT

To maintain certified instructor status, a certified instructor must teach in an MFFTC registered course or serve as a FFI and/or II test evaluator within the previous three (3) year period or he or she shall be placed on probationary instructor status.

EXEMPTION: Acertified instructor who teaches only within his or her department; or a certified instructor in a large department who may no longer instruct but is the Officer in Charge of Training, may be exempted from the requirements as stated in the above paragraph. For a certified instructor who is

a fire department member to be considered for the exemption described above, he or she must notify the MFFTC of his or her position title and instructional activity for the 12 month period ending the previous September 30, 2003. This information must be submitted on MFFTC Form, FMD-257 (available on the MFFTC Web Site, mfftc.org) and signed by the certified instructor and his or her fire chief or designee.

The request form (FMD-257) is <u>due annually</u> and must be received or postmarked no later than December 31.

You may mail or fax the completed FMD-257 Form to the MFFTC Lansing Office: Michigan Fire Fighters Training Council, Attention: Testing and Certification Sub-Unit, 7150 Harris Drive, Lansing, MI 48913.

Any questions, please contact your Region Supervisor.

General Interest

FMD Retirements

before being promoted in 1994 to Sergeant at the Gaylord Post. He transferred into the Fire Marshal Division at Fifth District Headquarters in Paw Paw in 1996, transferring to the Niles Post in 1998, where he served until his retirement.

During his career with the MSP, Jim received two citations for Professional Excellence. He was a member of the International Association of Arson Investigators, including the Michigan Chapter, and certified as a Fire Safety Inspector through the Michigan Fire Inspectors' Society. Jim was an instructor in various arenas and served as an expert witness in several counties for arson cases.

In addition to being a board member on a number of local organizations that promote fire safety education and awareness, Jim has provided years of training to the fire service. He plans to remain active with the Berrien County Firefighters Association and PSEP (Little Squirt).

Jim currently resides in Niles with his wife of 25 years, Diana,

and their three children, Jenifer, Patrick, and Kevin. Upon retirement, Jim plans to work in the private sector as a fire investigator. "I have truly enjoyed working with the fire service throughout the years," Jim said, "and I look forward to continuing my work with them in the future."

The Fire Marshal Division wishes Jim and Diana all the best in the future.

Detroit Fire Department Annual Breakfast

The Detroit Fire Department, in conjunction with the Safety Council of Michigan and the Breakfast Committee, cordially invites you to support the 40th Annual Breakfast with the **Detroit Fire Department** on

Tuesday, October 7, 2003, 7:30-9:00 a.m. This event will take place in the Riverview Ballroom on the Main Level, Room W1-52, of the Cobo Conference/ Exhibition Center, One Washington Boulevard (at Jefferson Avenue), Detroit, Michigan. The breakfast buffet will begin at 7:30 a.m. and the program will start at 7:45 a.m.

During the program, members of the Detroit Fire Department will be honored for their acts of heroism performed in the line of duty.

If you would like to attend or sponsor a table, please contact Chief Lee Moore, Detroit Fire Department, at 313.596.2957, or Edward G. Ratzenberger, Safety Council of Southeast Michigan, at 248.557.7010.

For Sale
